Lambda Chi Alpha is a very balanced fraternity. We strongly support each other academically while still being involved in philanthropy events. Of course, we are also an active social fraternity. Below are a few reasons in general why you should go Greek and more specifically, what makes LXA different from the rest.

**Benefits**

Truly, the biggest benefits of joining are the personal relationships and memories that you will create. LXA is also about helping to develop leaders and better men, so being able to take a leadership role and help a large organization is great. Plus, you can ask brothers to do something at any moment and you will get guys that will come along or be there for you.

**Brotherhood**

LXA has a strong and diverse brotherhood. One of our local chapter mottos is "Excellence through Balance". Despite our differences, or rather, because of them, we bring a lot to offer each other in terms of experience and laughs. This is not a brotherhood that lasts a mere 4 years. This is a brotherhood that lasts a lifetime.

**Academics**

We consistently rank in the top 5 academically verses all of Greek Life. We averaged a GPA of 3.28 in Spring 2013, higher than the non-Greek average at RPI. LXA has a great past resource as well as an academic big brother system to help all brothers.

**Alumni Connections**

1,250 alumni of LXA at RPI, one of the largest alumni populations at RPI. Alumni are always available and willing to help with job recruitment, even at their own companies.

**Staying Active**

As a member of LXA you will never be bored. Whether you are directly involved in LXA events or just hanging out with brothers there will always be not just something that you can do, but something that you want to do.

**Social Events**

Have you taken a tour of our house yet? Ask a brother what makes our social events unique.

**Leadership Opportunities**

There are many different leadership opportunities within LXA. Just being part of our brotherhood will teach you the skills necessary to lead others in academic or real world situations.

**Philanthropy**

We pride ourselves on our philanthropy and community service. Raising food for the local community, raising money for cancer research, or just volunteering time at a local shelter.

**Social Connections**

We have good connections with many of the other fraternities and sororities on campus. You will meet many other individuals in and out of RPI through connections you make in LXA.

**Meal Plan**

We just hired an excellent new chef this year. Come up to the house and try out the food any day of the week.

**IFC Sports**

Intramural Hockey, Basketball, Football, Softball, and Volleyball. We participate in every IFC sport.

**Becoming a Brother**

Lambda Chi Alpha was the first national fraternity to abolish hazing. The philosophy is that hazing is meant to break down pledges in order to remold them into the shape the fraternity thinks is best. We seek out individuals who would already make good men and help to make them into better men. If you ask many of the brothers how they ended up joining LXA, their response may start off with “Well, I never thought I was gonna go greek until…”
